**The document that follows this cover sheet has been completed in accordance with the Letter of Intent (LOI) for Amchitka Island signed in June of 2002 between the Alaska Department of Environmental Conservation and the U.S. Department of Energy. That LOI required approval by four entities of the assessment science plan. This June 24, 2003 version is the approved version of that plan (see attached letters of approval from ADEC, A/PIA, USF&W and DOE).**

**CRESP seeks public comment about how it should now develop an implementation design to carryout this approved plan. Comments should be sent to Charles W. Powers, CRESP II PI at:**
